Creative Tips

Mimi Soft feels great on the clitoris, and any other area that tickles your fancy, from your nipples to his perineum and anywhere in-between. Smooth and soft, Mimi Soft glides across the skin, making it perfect for a body-massage with a difference. For a lighter touch, you can also try transferring Mimi Soft's vibrations through your fingertips, by cradling it in your hand and stroking the skin with your fingers. Use the tip to provide pin-point stimulation to the clitoris. Use the side to stimulate the labia and the clitoris at the same time. Use Mimi Soft flat to provide a wider stimulation of the whole genital area. Mimi Soft also comes with a beautiful blindfold for more fun!
