This strong and flexible cock ring keeps him harder for longer while enhancing her pleasure. Mio makes it easier for couples to achieve simultaneous orgasms.

## Deeper richer sensations

Mio's motor is designed to a low frequency to give our signature Je Joue oh-so-low rumbling vibrations. With 5 speeds and 7 patterns, Mio offers a wide range of vibrations – from a gentle purr to a deep rumble

## Creative Tips

There are 2 options according to your experience level:

- Beginner: Stretching Mio and sliding it down at the base of the penis, you can position the vibrating section upwards (toward the stomach) to stimulate her clitoris or downwards, when used in doggy-style, for enhancing his pleasure (the vibrations will stimulate the scrotum)
- Advanced: Before the erection, place Mio at the base of the penis including the testicles, wearing a ring around the whole area makes him harder for longer by constricting a higher blood flow in the genital area. The erection is firmer than in the first option and the sensations around the scrotum and the perineum are a great addition to the overall experience.
- Mio can also be placed at the base of two fingers during foreplay for a more subtle, vibrating caress all over the body.

## How it works

### Discreet, comfortable and safe

- To start the toy, hold + for 2 seconds to turn Mio on
- To increase vibration, click +
- To change from a constant vibration to a pulse vibration, click the ~ (middle button). To decrease vibration click -
- To turn Mio off, hold - for 2 seconds

## How it charges

### Quick and easy

To charge your Mio, please place the charger directly over the Mio's buttons and you'll feel the magnets pull it into place (Mio charges through its buttons). When charging, the light will flash. When fully charged the light will stay on, until the charger is removed from the buttons. 2 hours of charge gives you 2 hours of play.
