

# IDA™ Wave

## Dual Stimulation Massager

# LELO

### SENSUAL UNION

IDA™ Wave is an app-connected massager powered by two separate motors created for those who wish to gradually build up their orgasm. The rotating, insertable tail is the source of deep pleasuring on the G-spot as it uses specially designed WaveMotion™ technology that mimics finger-like motion, while the larger top brings satisfying vibrations to the clitoris.

#### DOUBLE THE POWER

Two vibrating motors provide dual sensation inside and out.

#### WIDER RANGE OF INTENSITIES

Experience different levels of satisfaction with 10 powerful pleasure settings.

#### APP-CONTROLLED

Connect and control your device via Bluetooth for extended pleasure.

#### WAVEMOTION™ TECHNOLOGY

Enjoy a surging finger-like massage that stimulates your G-spot.

### USING YOUR IDA™ WAVE

- Before the first use, charge your IDA™ Wave for 2 hours.

#### HOW TO USE YOUR PRODUCT WITHOUT THE APP

- Press (⏻) button again to turn it on.
- The LED lights will blink, showing the battery level. The LED lights will go steady, showing the vibration level.
- Press the (⏻) button to switch between the modes that will be set to 100% intensity.
- Press the center button for 3 seconds to turn it off.

#### HOW TO USE YOUR PRODUCT WITH THE APP

- Press the (⏻) button for 3 seconds to turn it on while activating the Bluetooth.
- All the LED lights will blink simultaneously showing the Bluetooth pairing.
- Open the IDA™ Wave APP and once the confirmation message appears, press the center button of the product to confirm.
- Use the controls on your mobile app to experiment with different modes and intensities.
- All the LED lights will go steady, showing the connection was successful.
- If the connection fails, your product will automatically turn off after 30 seconds.
- The battery and vibration level will be available in the app.
